PROFESSIONAL SUMMARY

UI/UX Designer with 3 years of experience designing user-centered web and software applications. Skilled in wireframing, prototyping, UX research and interface design using Figma and Adobe XD. Experienced in collaborating with cross-functional teams to translate business requirements into intuitive, user-friendly interfaces that enhance usability and overall user satisfaction.

PROFESSIONAL EXPERIENCE

UI/UX Product Designer

July 2023 – Present

Corelate Systems Corp.

- Managed the end-to-end UX/UI design process from requirements gathering, user research, wireframing and prototyping to developer handoff and product launch.
- Translated business and user requirements into intuitive user experiences.
- Created and designed low- to high-fidelity wireframes, user flows, and interactive prototypes using Figma and Adobe XD for software applications.
- Led the design of new features and product enhancements, collaborating to deliver solutions aligned with user needs and business goals.
- Conducted user research and gathered insights to inform design decisions.
- Collaborated with an Agile team including product managers, developers, QA engineers and a Scrum Master to build and enhance user-centered product features.
- Analyzed development team and client feedback to determine improvements in the user interface and experience.
- Created and delivered presentations showcasing design concepts, wireframes, and prototypes.
- Conducted usability testing and iterated designs based on user feedback and business requirements.
- Ensured designs followed accessibility best practices and responsive design principles.
- Designed and maintained reusable UI components and design systems to ensure consistency across the product.
- Performed developer handoff by providing detailed design specifications, assets, and implementation support.
- Stayed up to date with UI/UX trends, best practices and emerging design tools to continuously improve design quality.

UI/UX Designer

April 2023 – July 2023

Goldplan Insurance Services

- Created wireframes and prototypes using tools such as Figma and Adobe XD.
- Created low- to high-fidelity mock-up designs for web and mobile applications.
- Worked with the development team, including developers, a Business Analyst and a Test Analyst.
- Created user interfaces that are responsive across various screen sizes and devices, providing a smooth experience.
- Designed engaging social media content and promotional ads using Adobe Photoshop, Canva, and InDesign.
